Journal of Endodontics • Volume 8, 1982 • Subject Index

A

ACIDS
The effect of pH of rosin on setting time of root canal cements. Grossman, L.I. 326
pH changes in calcium hydroxide-covered dentin. Hasselgren, G.; Kerekes, K.; and Nellestam, P. 502
AH-26
Paresthesia following overextension of AH-26: report of two cases and review of the literature. Tamse, A.; Kaffe, I.; Littner, M.M.; and Kozlovksy, A. 88
ALVEOLAR PROCESS
Changes in the lamina dura as a manifestation of systemic diseases: report of a case and review of the literature. Kaffee, I.; Tamse, A.; Schwartz, Y.; Buchner, A.; and Littner, M.M. 467
An evaluation of the use of amalgam, Cavit, and calcium hydroxide in the repair of furcation perforations. ElDeeb, M.E.; ElDeeb, M.; Tabibi, A.; and Jensen, J.R. 459
AMERICAN ASSOCIATION OF ENDODONTISTS
The American Association of Endodontists: its birth in 1943. Grossman, L.I. S43
Guest registration for the first AAE banquet Palmer House Hotel February 23, 1944, Chicago, S47
ANETHOLE
Assessment of irritation potential of essential oils for root canal cement. Grossman, L.I., and Lally, E.T. 208
Setting time of selected essential oils with a standard root canal cement powder. Grossman, L.I. 277
ANISE
Assessment of irritation potential of essential oils for root canal cement. Grossman, L.I., and Lally, E.T. 208
Setting time of selected essential oils with a standard root canal cement powder. Grossman, L.I. 277
ANTIGENS
Reactivity of human lymphocytes to pulp antigens. Longwill, D.G.; Marshall, F.J.; and Creamer, H.R. 27
APICOECTOMY
Retrograde amalgam procedures for mandibular posterior teeth. Block, R.M., and Bushell, A. 107
ARGYRIA
An unusual foreign body associated with an endodontically treated tooth: report of a case. Bellizzi, R.; Woody, R.D.; O'Brien, E.; and Fraser, J. 417
ARRHYTHMIA
Cardiovascular changes during nonsurgical endodontics. Steiman, H.R.; Patterson, S.S.; Newton, C.W.; Troup, P.; and Zipes, D.P. 497

B

BARIUM HYDROXIDE
Histochemical analysis of the dogs' dental pulp after pulp capping with calcium, barium, and strontium hydroxides. Holland, R.; Pinheiro, C.E.; de Mello, W.; Nery, M.J.; and de Souza, V. 444
BICUSPID
Multiple-rooted mandibular second premolars. Shapira, Y., and Delivanis, P. 231
Three root canals in mandibular second premolars: literature review and a case report. ElDeeb, M.E. 376
BLOOD PRESSURE
Cardiovascular changes during nonsurgical endodontics. Steiman, H.R.; Patterson, S.S.; Newton, C.W.; Troup, P.; and Zipes, D.P. 497
BONE AND BONES
A study of freeze-dried (lyophilized) cortical bone used as an apical barrier in adult monkey teeth. Rossmeisl, R.; Reader, A.; Melfi, R.; and Marquard, J. 219
BONE DISEASES
Investigation of the role of endotoxin in periapical inflammation. Pitts, D.L.; Williams, B.L.; and Morton, T.H., Jr. 10
BONE RESORPTION
Changes in the lamina dura as a manifestation of systemic diseases: report of a case and review of the literature. Kaffee, I.; Tamse, A.; Schwartz, Y.; Buchner, A.; and Littner, M.M. 467
Factors influencing the radiographic appearance of bony lesions. Bender, I.B. 161; Correction. 332
BRUXISM
Reversible pulpitis with etiology of bruxism. Cooke, H.G. 280

C

CALCIUM HYDROXIDE
The effect of extra-alveolar root filling with calcium hydroxide on periodontal healing after replantation of permanent incisors in monkeys. Andreasen, J.O.; et al. Correction to. 426
Pharmacodynamics
Effect of zinc oxide-eugenol and calcium hydroxide on intradental nerve activity. Trowbridge, H.; Edwall, L.; and Panopoulos, P. 403
Histochemical analysis of the dogs' dental pulp after pulp capping with calcium, barium, and strontium hydroxides. Holland, R.; Pinheiro, C.E.; de Mello, W.; Nery, M.J.; and de Souza, V. 444
pH changes in calcium hydroxide-covered dentin. Hasselgren, G.; Kerekes, K.; and Nellestam, P. 502
Therapeutic Use
An evaluation of the use of amalgam, Cavit, and calcium hydroxide in the repair of furcation perforations. ElDeeb, M.E.; ElDeeb, M.; Tabibi, A.; and Jensen, J.R. 459
CAVIT
An evaluation of the use of amalgam, Cavit, and calcium hydroxide in the repair of furcation perforations. ElDeeb, M.E.; ElDeeb, M.; Tabibi, A.; and Jensen, J.R. 459
CHELATING AGENTS
Bacterial infiltration of dentin as influenced by proprietary chelating agents. Gutierrez, J.H.; Villena, F.; Jofre, A.; and Amin, M. 448
CHLORHEXIDINE GLUCONATE
In vivo evaluation of chlorhexidine gluconate solution and sodium hypochlorite solution as root canal irrigants. Ringel, A.M.; Patterson, S.S.; Newton, C.W.; Miller, C.H.; and Mulhern, J.M. 200
CHLORINE
Solution of pulp tissue by chemical agents. Grossman, L.I., and Meiman, B.W. S10
CHLOROFORM
Comparison of gutta-percha filling techniques: three chloroform—gutta-percha filling techniques, part 2. Wong, M.; Peters, D.D.; Lorton, L.; and Bernier, W.E. 4
CHLOROFORM-DIP
Comparison of gutta-percha filling techniques: three chloroform—gutta-percha filling techniques, part 2. Wong, M.; Peters, D.D.; Lorton, L.; and Bernier, W.E. 4
CHLOROPERCHA
Comparison of gutta-percha filling techniques: three chloroform—gutta-percha filling techniques, part 2. Wong, M.; Peters, D.D.; Lorton, L.; and Bernier, W.E. 4
CHLOROPERKA NO
Comparison of gutta-percha filling techniques: three chloroform—gutta-percha filling techniques, part 2. Wong, M.; Peters, D.D.; Lorton, L.; and Bernier, W.E. 4
COMPOSITE RESINS
An evaluation of various permanent restorative materials' effect on the shade of bleached teeth. Freccia, W.F.; Peters, D.D.; and Lorton, L. 265
CORROSION
Microscope and scanning electron microscope examination of silver points corrosion caused by endodontic materials. Gutierrez, J.H.; Villena, F.; Gigoux, C.; and Mujica, F. 301

D

DENTAL ALLOYS
A comparative analysis of zinc and non-zinc alloys used in retrograde endodontic surgery. Part 1: apical seal and tissue reaction. Kimura, J.T. 359
A comparative analysis of zinc and non-zinc alloys used in retrograde endodontic surgery. Part 2: optical emission spectrographic analysis for zinc precipitation. Kimura, J.T. 407
DENTAL AMALGAM
A comparative bacterial microleakage study of retrofilling materials. Kos, W.L.; Aulozzi, D.P.; and Gerstein, H. 355
An evaluation of the use of amalgam, Cavit, and calcium hydroxide in the repair of furcation perforations. ElDeeb, M.E.; ElDeeb, M.; Tabibi, A.; and Jensen, J.R. 459
DENTAL CARE FOR HANDICAPPED
Endodontic Rx for the von Willebrand patient. Vire, D.E., and Barrett, K.C. 514
DENTAL CARIES
Coronal build-up of the degraded tooth before endodontic therapy. Kahn, H. 83
DENTAL CEMENTS
The physical properties and sealing action of endodontic sealer cements: a review of the literature. Branstetter, J., and von Fraunhofer, J.A. 312
The physical properties of four endodontic sealer cements. von Fraunhofer, J.A., and Branstetter, J. 126
Adverse Effects
Microscope and scanning electron microscope examination of silver points corrosion caused by endodontic materials. Gutierrez, J.H.; Villena, F.; Gigoux, C.; and Mujica, F. 301
Analysis
The effect of pH of rosin on setting time of root canal cements. Grossman, L.I. 326
Pharmacodynamics
An evaluation of various permanent restorative materials' effect on the shade of bleached teeth. Freccia, W.F.; Peters, D.D.; and Lorton, L. 265
DENTAL INSTRUMENTS
Bending and torsion of endodontic files with rhombus cross sections. Dolan, D.W., and Craig, R.G. 260
The comparative efficiency of four types of endodontic instruments. Machian, G.R.; Peters, D.D.; and Lorton, L. 398
Corrosion determination techniques applied to endodontic instruments—irrigating solutions systems. Mueller, H.J. 246
Flute design of endodontic instruments: its influence on cutting efficiency. Felt, R.A.; Moser, J.B.; and Heuer, M.A. 253
A light microscopic study of the efficacy of the telescopic and the Giromatic preparation of root canals. Turek, T., and Langeland, K. 437
Modification of the Muhlemann periodontometer for determining tooth mobility in replanted monkey teeth. Barbakow, F.H.; Cleaton-Jones, P.E.; and Austin, J.C. 19
The use of rotary instruments as auxiliary aids to root canal preparation of molars. Abou-Rass, M., and Jastrab, R.J. 78
DENTAL MATERIALS
Migration of materials and microorganisms in the dental pulp of dogs and rats. Watts, A., and Paterson, R.C. 53

DENTAL MODELS
The evaluation of a transparent tooth model system for the evaluation of endodontically filled teeth. Robertson, D.C., and Leeb, I.J. 317
DENTAL PULP
Migration of materials and microorganisms in the dental pulp of dogs and rats. Watts, A., and Paterson, R.C. 53
Reactivity of human lymphocytes to pulp antigens. Longwill, D.G.; Marshall, F.J.; and Creamer, H.R. 27
Abnormalities
Case report: three canals in the mesial root of a mandibular first molar (?). Weine, F.S. 517
Analysis
Glucocorticoid receptors in dental pulp: a preliminary report. Soto-Feine, N., and Tchernitchin, A.N. 136
Studies on N2 cement in man and monkey—cement lead content, lead blood level, and histologic findings. Horsted, P.; Hansen, J.C.; and Langeland, K. 341
Blood Supply
A scanning electron microscope study of the blood vessels of dog pulp using corrosion resin casts. Takahashi, K.; Kishi, Y.; and Kim, S. 131
Drug Effects
Histochemical analysis of the dogs' dental pulp after pulp capping with calcium, barium, and strontium hydroxides. Holland, R.; Pinheiro, C.E.; de Mello, W.; Nery, M.J.; and de Souza, V. 444
Solution of pulp tissue by chemical agents. Grossman, L.I., and Meiman, B.W. S10
Microbiology
Origin of microorganisms in traumatized, pulpless, sound teeth. Grossman, L.I. S16
Pathology
Pulp reactions to exposure after experimental crown fractures or grinding in adult monkeys. Cvek, M.; Cleaton-Jones, P.E.; Austin, J.C.; and Andreasen, J.O. 391
Pulpless teeth and focal infection. Grossman, L.I. S18
Relationship between surface and inflammatory resorption and changes in the pulp after replantation of permanent incisors in monkeys. Andreasen, J.O. Corrections to. 247
DENTAL PULP CALCIFICATION
Statistical evaluation of radiologic survey of pulp stones. Tamse, A.; Kaffe, I.; Littner, M.M.; and Shani, R. 455
An unusual calcification of the pulp: a case report. Hussein, I., and Uthman, A.A. 33
DENTAL PULP CAPPING
Histochemical analysis of the dogs' dental pulp after pulp capping with calcium, barium, and strontium hydroxides. Holland, R.; Pinheiro, C.E.; de Mello, W.; Nery, M.J.; and de Souza, V. 444
DENTAL PULP CAVITY
Bilateral dilaceration. Lin, L.; Dowden, W.E.; and Langeland, K. 85
The multiple root canal system in the maxillary first molar: a case report. Cecic, P.; Hartwell, G.; and Bellizzi, R. 113
Similarity of Wolinella recta strains isolated from periodontal pockets and root canals. Tanner, A.C.; Visconti, R.A.; Holdeman, L.V.; Sundqvist, G.; and Socransky, S.S. 294
DENTAL PULP DISEASES
Pulpal prognosis following extrusive luxation injuries in permanent teeth with closed apexes. Dumsha, T., and Hovland, E.J. 410
DENTAL PULP GANGRENE
Cardiovascular changes during nonsurgical endodontics. Steiman, H.R.; Patterson, S.S.; Newton, C.W.; Troup, P.; and Zipes, D.P. 497
Incidence of postoperative pain after one-appointment endodontic treatment of asymptomatic pulpal necrosis in single-rooted teeth. Mulhern, J.M.; Patterson, S.S.; Newton, C.W.; and Ringel, A.M. 370
DENTAL PULP STONES *see* DENTAL PULP CALCIFICATION
DENTAL PULP TEST
Electric pulp testing as an aid in endodontic diagnosis. Harris, W.E. 171
DENTAL RESTORATION, PERMANENT
An evaluation of various permanent restorative materials' effect on the shade of bleached teeth. Freccia, W.F.; Peters, D.D.; and Lorton, L. 265
DENTIN
Bacterial infiltration of dentin as influenced by proprietary chelating agents. Gutierrez, J.H.; Villena, F.; Jofre, A.; and Amin, M. 448
An evaluation of the use of amalgam, Cavit, and calcium hydroxide in the repair of furcation perforations. ElDeeb, M.E.; ElDeeb, M.; Tabibi, A.; and Jensen, J.R. 459
pH changes in calcium hydroxide-covered dentin. Hasselgren, G.; Kerekes, K.; and Nellestam, P. 502
DENTIN PERMEABILITY
Bacterial infiltration of dentin as influenced by proprietary chelating agents. Gutierrez, J.H.; Villena, F.; Jofre, A.; and Amin, M. 448
DENTISTRY, OPERATIVE
Rubber dam isolation of fixed prostheses. Antrim, D.D. 521
DENTURE, PARTIAL, FIXED
Rubber dam isolation of fixed prostheses. Antrim, D.D. 521

E

EDTA
Bacterial infiltration of dentin as influenced by proprietary chelating agents. Gutierrez, J.H.; Villena, F.; Jofre, A.; and Amin, M. 448
ELECTRODIAGNOSIS
Electric pulp testing as an aid in endodontic diagnosis. Harris, W.E. 171
ENDODONTICS
The American Association of Endodontists: its birth in 1943. Grossman, L.I. S43
A brief history of endodontics. Grossman, L.I. S36
The current status of clinical endodontics. Schilder, H. 389
ENDOTOXINS
The detoxifying effect of varying concentrations of sodium hypochlorite on endotoxins. Buttler, T.K., and Crawford, J.J. 59
Investigation of the role of endotoxin in periapical inflammation. Pitts, D.L.; Williams, B.L.; and Morton, T.H., Jr. 10
ENZYMOL
Solution of pulp tissue by chemical agents. Grossman, L.I., and Meiman, B.W. S10
ESCHERICHIA COLI
The detoxifying effect of varying concentrations of sodium hypochlorite on endotoxins. Buttler, T.K., and Crawford, J.J. 59
EUCALYPTOL
Setting time of selected essential oils with a standard root canal cement powder. Grossman, L.I. 277
EUGENOL
Assessment of irritation potential of essential oils for root canal cement. Grossman, L.I., and Lally, E.T. 208

F

FOAM CELLS
Foam cell transformation in periapical lesions of endodontic origin. Richardson, J., and Morgan, P. 563
FOCAL INFECTION, DENTAL
Pulpless teeth and focal infection. Grossman, L.I. S18
FOREIGN BODIES
An unusual foreign body associated with an endodontically treated tooth: report of a case. Bellizzi, R.; Woody, R.D.; O'Brien, E.; and Fraser, J. 417
FOREIGN BODY MIGRATION
Migration of materials and microorganisms in the dental pulp of dogs and rats. Watts, A., and Paterson, R.C. 53
FORMOCRESOLS
The effect of pulpotomy using Formocresol on blood vessel architecture in primary anterior teeth of Macaca rhesus monkeys. Chiniwalla, N.P., and Rapp, R. 205
Formocresol: no allergic effect after root canal disinfection in non-presensitized guinea pigs. Simon, M.; van Mullem, P.J.; and Lamers, A.C. 269
Reactivity of human lymphocytes to pulp antigens. Longwill, D.G.; Marshall, F.J.; and Creamer, H.R. 27
FREEZE DRYING
A study of freeze-dried (lyophilized) cortical bone used as an apical barrier in adult monkey teeth. Rossmeisl, R.; Reader, A.; Melfi, R.; and Marquard, J. 219
FUSED TEETH
Endodontic management of a fused tooth: a case report. Blaney, T.D.; Hartwell, G.R.; and Bellizzi, R. 227

G

GALACTONIC LACTONE
Solution of pulp tissue by chemical agents. Grossman, L.I., and Meiman, B.W. S10
GLUCOCORTICOID RECEPTORS *see* RECEPTORS, GLUCOCORTICOID
GRANULOMA
Clinical significance of the pulse granuloma. Simon, J.H.; Chimenti, R.A.; and Mintz, G.A. 116
GROSSMAN, LOUIS I.
Tribute. Naidorf, I.J. S1-S48
GUTTA-PERCHA
The relative sealing ability of paste-type filling materials. Spradling, P.M., and Senia, E.S. 543
Seating of gutta-percha points: effect of sealers with varying film thickness. Orstavik, D. 213
The short-term sealing properties of lateral condensation, vertical condensation, and Hydron using 14C human serum albumin. Director, R.C.; Rabinowitz, J.L.; and Milne, R.S. 149
Analysis
Studies on N2 cement in man and monkey—cement lead content, lead blood level, and histologic findings. Horsted, P.; Hansen, J.C.; and Langeland, K. 341
Pharmacodynamics
A comparative bacterial microleakage study of retrofilling materials. Kos, W.L.; Aulozzi, D.P.; and Gerstein, H. 355
Therapeutic Use
Comparison of gutta-percha filling techniques: three chloroform—gutta-percha filling techniques, Part 2. Wong, M.; Peters, D.D.; Lorton, L.; and Bernier, W.E. 4
Root canal obturation with gutta-percha: a scanning electron microscope comparison of vertical compaction and automated thermatic condensation. Lugassy, A.A., and Yee, F. 120

H

HEART RATE
Cardiovascular changes during nonsurgical endodontics. Steiman, H.R.; Patterson, S.S.; Newton, C.W.; Troup, P.; and Zipes, D.P. 497
HISTORY OF DENTISTRY
Hermetic sealing of root canals—the Greeks had a name for it. Ramsey, W.O. 100
HYDROCHLORIC ACID
Solution of pulp tissue by chemical agents. Grossman, L.I., and Meiman, B.W. S10
HYDROGEN PEROXIDE
External bleaching of tetracycline stained teeth in dogs. Walton, R.E.; O'Dell, N.L.; Myers, D.L.; Lake, F.T.; and Shimp, R.G. 536
HYDRON
The relative sealing ability of paste-type filling materials. Spradling, P.M., and Senia, E.S. 543
The short-term sealing properties of lateral condensation, vertical condensation, and Hydron using 14C human serum albumin. Director, R.C.; Rabinowitz, J.L.; and Milne, R.S. 149
HYPERCEMENTOSIS
Sequestration of root cementum in an endodontic-periodontally involved tooth: report of an unusual case. Brasher, W.J., and Brannon, R.B. 413
HYPERPARATHYROIDISM, SECONDARY
Changes in the lamina dura as a manifestation of systemic diseases: report of a case and review of the literature. Kaffee, I.; Tamse, A.; Schwartz, Y.; Buchner, A.; and Littner, M.M. 467

HYPERSENSITIVITY
Formocresol: no allergic effect after root canal disinfection in non-presensitized guinea pigs. Simon, M.; van Mullem, P.J.; and Lamers, A.C. 269

I

INCISOR
The effect of extra-alveolar root filling with calcium hydroxide on periodontal healing after replantation of permanent incisors in monkeys. Andreasen, J.O.; et al. Correction to. 426
The effect of pulp extirpation or root canal treatment on periodontal healing after replantation of permanent incisors in monkeys. Andreasen, J.O. Correction to. 426
Relationship between surface and inflammatory resorption and changes in the pulp after replantation of permanent incisors in monkeys. Andreasen, J.O. Corrections to. 247
Pathology
Modification of the Muhlemann periodontometer for determining tooth mobility in replanted monkey teeth. Barbakow, F.H.; Cleaton-Jones, P.E.; and Austin, J.C. 19
An unusual calcification of the pulp: a case report. Hussein, I., and Uthman, A.A. 33
INJECTIONS
The periodontal ligament injection: histologic effects on the periodontium in monkeys. Walton, R.E., and Garnick, J.J. 22
IRRIGATION
The efficacy of several endodontic irrigating solutions: a scanning electron microscopic study: part 2. Goldman, M.; Goldman, L.B.; Cavaleri, R.; Bogis, J.; and Lin, P.S. 487
In vivo evaluation of chlorhexidine gluconate solution and sodium hypochlorite solution as root canal irrigants. Ringel, A.M.; Patterson, S.S.; Newton, C.W.; Miller, C.H.; and Mulhern, J.M. 200
IRRITANTS
Assessment of irritation potential of essential oils for root canal cement. Grossman, L.I., and Lally, E.T. 208

K

KIDNEY FAILURE, CHRONIC
Changes in the lamina dura as a manifestation of systemic diseases: report of a case and review of the literature. Kaffee, I.; Tamse, A.; Schwartz, Y.; Buchner, A.; and Littner, M.M. 467

L

LEAD
Studies on N2 cement in man and monkey—cement lead content, lead blood level, and histologic findings. Horsted, P.; Hansen, J.C.; and Langeland, K. 341
LYMPHOCYTE TRANSFORMATION
Reactivity of human lymphocytes to pulp antigens. Longwill, D.G.; Marshall, F.J.; and Creamer, H.R. 27
LYMPHOCYTES
Reactivity of human lymphocytes to pulp antigens. Longwill, D.G.; Marshall, F.J.; and Creamer, H.R. 27

M

MAXILLA
Presentation of skeletal muscle tissue in an unusual location: a case report. Blaney, T.D.; Bellizzi, R.; and Hartwell, G.R. 421
MAXILLARY DISEASES
Decompression of large periapical cystic lesions. Neaverth, E.J., and Burg, H.A. 175
MICROBIOLOGY
A comparative bacterial microleakage study of retrofilling materials. Kos, W.L.; Aulozzi, D.P.; and Gerstein, H. 355
MICROSCOPY
Microscope and scanning electron microscope examination of silver points corrosion caused by endodontic materials. Gutierrez, J.H.; Villena, F.; Gigoux, C.; and Mujica, F. 301
MICROSCOPY, ELECTRON, SCANNING
The efficacy of several endodontic irrigating solutions: a scanning electron microscopic study: part 2. Goldman, M.; Goldman, L.B.; Cavaleri, R.; Bogis, J.; and Lin, P.S. 487
Microscope and scanning electron microscope examination of silver points corrosion caused by endodontic materials. Gutierrez, J.H.; Villena, F.; Gigoux, C.; and Mujica, F. 301
MOLAR
Clinical investigation of *in vivo* endodontically treated mandibular and maxillary molars. Hartwell, G., and Bellizzi, R. 555
Instrumentation of root canals in molar using the step-down technique. Goerig, A.C.; Michelich, R.J.; and Schultz, H.H. 550
The use of rotary instruments as auxiliary aids to root canal preparation of molars. Abou-Rass, M., and Jastrab, R.J. 78
Abnormalities
Case report: three canals in the mesial root of a mandibular first molar (?). Weine, F.S. 517
The multiple root canal system in the maxillary first molar: a case report. Cecic, P.; Hartwell, G.; and Bellizzi, R. 113
MUSCLES
Presentation of skeletal muscle tissue in an unusual location: a case report. Blaney, T.D.; Bellizzi, R.; and Hartwell, G.R. 421

N

NOMENCLATURE
Hermetic sealing of root canals—the Greeks had a name for it. Ramsey, W.O. 100
N2 CEMENT
Studies on N2 cement in man and monkey—cement lead content, lead blood level, and histologic findings. Horsted, P.; Hansen, J.C.; and Langeland, K. 341

O

ORTHODONTICS, CORRECTIVE
T-loop appliance in endodontic-orthodontic interactions. Tuncay, O.C., and Cunningham, C.J. 367

P

PAIN
Incidence of postoperative pain after one-appointment endodontic treatment of asymptomatic pulpal necrosis in single-rooted teeth. Mulhern, J.M.; Patterson, S.S.; Newton, C.W.; and Ringel, A.M. 370
PALATE
Clinical significance of the pulse granuloma. Simon, J.H.; Chimenti, R.A.; and Mintz, G.A. 116
PAPAIN
Solution of pulp tissue by chemical agents. Grossman, L.I., and Meiman, B.W. S10
PARESTHESIA
Paresthesia following overextension of AH-26: report of two cases and review of the literature. Tamse, A.; Kaffe, I.; Littner, M.M.; and Kozlovsky, A. 88
PERIAPICAL ABSCESS
Managing the abscessed open tooth: instrument and close—part 2. August, D.S. 364
PERIAPICAL CYST *see* RADICULAR CYST
PERIAPICAL DISEASES
Foam cell transformation in periapical lesions of endodontic origin. Richardson, J., and Morgan, P. 563
PERIAPICAL PERIODONTITIS
Investigation of the role of endotoxin in periapical inflammation. Pitts, D.L.; Williams, B.L.; and Morton, T.H., Jr. 10
PERIAPICAL TISSUE
Bacteriologic status of periapical tissue in 150 cases of infected pulpless teeth. Grossman, L.I. S13
A comparative analysis of zinc and non-zinc alloys used in retrograde endodontic surgery. Part 1: apical seal and tissue reaction. Kimura, J.T. 359
PERIODONTAL POCKET
Similarity of Wolinella recta strains isolated from periodontal pockets and root canals. Tanner, A.C.; Visconti, R.A.; Holdeman, L.V.; Sundqvist, G.; and Socransky, S.S. 294
PERIODONTIUM
The effect of pulp extirpation or root canal treatment on periodontal healing after replantation of permanent incisors in monkeys. Andreasen, J.O. Correction to. 426
An evaluation of the use of amalgam, Cavit, and calcium hydroxide in the repair of furcation perforations. ElDeeb, M.E.; ElDeeb, M.; Tabibi, A.; and Jensen, J.R. 459
The periodontal ligament injection: histologic effects on the periodontium in monkeys. Walton, R.E., and Garnick, J.J. 22
An unusual foreign body associated with an endodontically treated tooth: report of a case. Bellizzi, R.; Woody, R.D.; O'Brien, E.; and Fraser, J. 417
PHAGOCYTOSIS
Migration of materials and microorganisms in the dental pulp of dogs and rats. Watts, A., and Paterson, R.C. 53
PHOSPHORIC ACID
External bleaching of tetracycline stained teeth in dogs. Walton, R.E.; O'Dell, N.L.; Myers, D.L.; Lake, F.T.; and Shimp, R.G. 536
PIMENTA LEAF
Assessment of irritation potential of essential oils for root canal cement. Grossman, L.I., and Lally, E.T. 208
Setting time of selected essential oils with a standard root canal cement powder. Grossman, L.I. 277
POLY-HEMA
A comparative bacterial microleakage study of retrofilling materials. Kos, W.L.; Aulozzi, D.P.; and Gerstein, H. 355
POTASSIUM HYDROXIDE
Solution of pulp tissue by chemical agents. Grossman, L.I., and Meiman, B.W. S10
PREMOLAR *see* BICUSPID
PULPECTOMY
The effect of pulp extirpation or root canal treatment on periodontal healing after replantation of permanent incisors in monkeys. Andreasen, J.O. Correction to. 426
PULPITIS
Cardiovascular changes during nonsurgical endodontics. Steiman, H.R.; Patterson, S.S.; Newton, C.W.; Troup, P.; and Zipes, D.P. 497
Reversible pulpitis with etiology of bruxism. Cooke, H.G. 280
PULPOTOMY
The effect of pulpotomy using Formocresol on blood vessel architecture in primary anterior teeth of Macaca rhesus monkeys. Chiniwalla, N.P., and Rapp, R. 205
PULSE GRANULOMA *see* GRANULOMA

R

RADICULAR CYST
Decompression of large periapical cystic lesions. Neaverth, E.J., and Burg, H.A. 175
RADIOGRAPHY, DENTAL
Factors influencing the radiographic appearance of bony lesions. Bender, I.B. 161; Correction. 332
RADIOGRAPHY, PANORAMIC
Orofacial scarring requiring the use of the panoramic radiograph for endodontic treatment. Benner, M.D.; Hartwell, G.R.; and Bellizzi, R. 282
RECEPTORS, GLUCOCORTICOID
Glucocorticoid receptors in dental pulp: a preliminary report. Soto-Feine, N., and Tchernitchin, A.N. 136
REDTA
The efficacy of several endodontic irrigating solutions: a scanning electron microscopic study: part 2. Goldman,

M.; Goldman, L.B.; Cavaleri, R.; Bogis, J.; and Lin, P.S. 487
RENAL FAILURE, CHRONIC *see* KIDNEY FAILURE, CHRONIC
ROOT CANAL
In vivo evaluation of chlorhexidine gluconate solution and sodium hypochlorite solution as root canal irrigants. Ringel, A.M.; Patterson, S.S.; Newton, C.W.; Miller, C.H.; and Mulhern, J.M. 200
ROOT CANAL FILLING MATERIALS
Evaluation of ionic leakage of lateral condensation and McSpadden methods by autoradiography. Chaisrisookumporn, S., and Rabinowitz, J.L. 493
Microscope and scanning electron microscope examination of silver points corrosion caused by endodontic materials. Gutierrez, J.H.; Villena, F.; Gigoux, C.; and Mujica, F. 301
The relative sealing ability of paste-type filling materials. Spradling, P.M., and Senia, E.S. 543
Sealing properties of temporary filling materials used in endodontics. Tamse, A.; Ben-Amar, A.; and Gover, A. 322
Sealing of gutta-percha points: effect of sealers with varying film thickness. Orstavik, D. 213
A study of freeze-dried (lyophilized) cortical bone used as an apical barrier in adult monkey teeth. Rossmeisl, R.; Reader, A.; Melfi, R.; and Marquard, J. 219
Adverse Effects
An unusual foreign body associated with an endodontically treated tooth: report of a case. Bellizzi, R.; Woody, R.D.; O'Brien, E.; and Fraser, J. 417
Analysis
The effect of pH of rosin on setting time of root canal cements. Grossman, L.I. 326
Pharmacodynamics
The effect of extra-alveolar root filling with calcium hydroxide on peridontal healing after replantation of permanent incisors in monkeys. Andreasen, J.O.; et al. Correction to. 426
Sealing ability of a new root canal filling material. Al Rafei, S.R.; Sayegh, F.S.; and Wright, G. 152
Therapeutic Use
An evaluation of the use of amalgam, Cavit, and calcium hydroxide in the repair of furcation perforations. ElDeeb, M.E.; ElDeeb, M.; Tabibi, A.; and Jensen, J.R. 459
ROOT CANAL OBTURATION
The evaluation of a transparent tooth model system for the evaluation of endodontically filled teeth. Robertson, D.C., and Leeb, I.J. 317
Root canal obturation with gutta-percha: a scanning electron microscope comparison of vertical compaction and automated thermatic condensation. Lugassy, A.A., and Yee, F. 120
The short-term sealing properties of lateral condensation, vertical condensation, and Hydron using 14C human serum albumin. Director, R.C.; Rabinowitz, J.L.; and Milne, R.S. 149
Methods
Apical seal: McSpadden vs lateral condensation. Harris, G.Z.; Dickey, D.J.; Lemon, R.R.; and Luebke, R.G. 273
Clinical investigation of *in vivo* endodontically treated mandibular and maxillary molars. Hartwell, G., and Bellizzi, R. 555
ROOT CANAL *see* DENTAL PULP CAVITY
ROOT CANAL THERAPY
A comparative analysis of zinc and non-zinc alloys used in retrograde endodontic surgery. Part 1: apical seal and tissue reaction. Kimura, J.T. 359
The effect of immediate versus delayed dowel space preparation on the integrity of the apical seal. Portell, F.R.; Bernier, W.E.; Lorton, L.; and Peters, D.D. 154
The effect of pulp extirpation or root canal treatment on periodontal healing after replantation of permanent incisors in monkeys. Andreasen, J.O. Correction to. 426
The elimination of tetracycline discoloration by intentional endodontics and internal bleaching. Abou-Rass, M. 101
Endodontic practice, ed 10, Grossman, L.I., and Moreinis, A. S34
Hermetic sealing of root canals—the Greeks had a name for it. Ramsey, W.O. 100
Managing the abscessed open tooth: instrument and close—part 2. August, D.S. 364
Microscope and scanning electron microscope examination of silver points corrosion caused by endodontic materials. Gutierrez, J.H.; Villena, F.; Gigoux, C.; and Mujica, F. 301
The physical properties and sealing action of endodontic sealer cements: a review of the literature. Branstetter, J., and von Fraunhofer, J.A. 312
The physical properties of four endodontic sealer cements. von Fraunhofer, J.A., and Branstetter, J. 126
Preparation of the root canal. Grossman, L.I. S25
Relationship between surface and inflammatory resorption and changes in the pulp after replantation of permanent incisors in monkeys. Andreasen, J.O. Corrections to. 247
Retrograde amalgam procedures for mandibular posterior teeth. Block, R.M., and Bushell, A. 107
Seating of gutta-percha points: effect of sealers with varying film thickness. Orstavik, D. 213
T-loop appliance in endodontic-orthodontic interactions. Tuncay, O.C., and Cunningham, C.J. 367
Adverse Effects
Cardiovascular changes during nonsurgical endodontics. Steiman, H.R.; Patterson, S.S.; Newton, C.W.; Troup, P.; and Zipes, D.P. 497
An evaluation of the use of amalgam, Cavit, and calcium hydroxide in the repair of furcation perforations. ElDeeb, M.E.; ElDeeb, M.; Tabibi, A.; and Jensen, J.R. 459
Foam cell transformation in periapical lesions of endodontic origin. Richardson, J., and Morgan, P. 563
An unusual foreign body associated with an endodontically treated tooth: report of a case. Bellizzi, R.; Woody, R.D.; O'Brien, E.; and Fraser, J. 417
History
History of the Philadelphia root canal study club: 1939. Grossman, L.I. S41
Instrumentation
Bending and torsion of endodontic files with rhombus cross sections. Dolan, D.W., and Craig, R.G. 260
The comparative efficiency of four types of endodontic instruments. Machian, G.R.; Peters, D.D.; and Lorton, L. 398
Corrosion determination techniques applied to endodontic instruments—irrigating solutions systems. Mueller, H.J. 246
Flute design of endodontic instruments: its influence on cutting efficiency. Felt, R.A.; Moser, J.B.; and Heuer, M.A. 253
Methods
Comparison of gutta-percha filling techniques: three chloroform—gutta-percha filling techniques, part 2. Wong, M.; Peters, D.D.; Lorton, L.; and Bernier, W.E. 4
Coronal build-up of the degraded tooth before endodontic therapy. Kahn, H. 83
Effect of post space preparation on apical seal using solvent techniques and Peeso reamers. Dickey, D.J.; Harris, G.Z.; Lemon, R.R.; and Luebke, R.G. 351
The efficacy of several endodontic irrigating solutions: a scanning electron microscopic study: part 2. Goldman, M.; Goldman, L.B.; Cavaleri, R.; Bogis, J.; and Lin, P.S. 487
Endodontic management of a fused tooth: a case report. Blaney, T.D.; Hartwell, G.R.; and Bellizzi, R. 227
Endodontic Rx for the von Willebrand patient. Vire, D.E., and Barrett, K.C. 514
Incidence of postoperative pain after one-appointment endodontic treatment of asymptomatic pulpal necrosis in single-rooted teeth. Mulhern, J.M.; Patterson, S.S.; Newton, C.W.; and Ringel, A.M. 370
Instrumentation of root canals in molar using the step-down technique. Goerig, A.C.; Michelich, R.J.; and Schultz, H.H. 550
A light microscopic study of the efficacy of the telescopic and the Giromatic preparation of root canals. Turek, T., and Langeland, K. 437
Nonsurgical endodontic treatment of invaginated teeth. De Smit, A., and Demaut, L. 506
Orofacial scarring requiring the use of the panoramic radiograph for endodontic treatment. Benner, M.D.; Hartwell, G.R.; and Bellizzi, R. 282
Three root canals in mandibular second premolars: literature review and a case report. ElDeeb, M.E. 376
The use of rotary instruments as auxiliary [illegible] in root canal preparation of molars. Abou-Rass, M., and Jastrab, R.J. 78
The use of ultrasound in the cleaning of root canals: a clinical report. Cameron, J.A. 472
Utilization
One-appointment endodontic therapy: a nationwide survey of endodontists. Calhoun, R.L., and Landers, R.R. 35
ROOT RESORPTION
Relationship between surface and inflammatory resorption and changes in the pulp after replantation of permanent incisors in monkeys. Andreasen, J.O. Corrections to. 247
Treatment of subosseous resorption: a case report. Antrim, D.D.; Hicks, M.L.; and Altaras, D.E. 567
ROSIN
The effect of pH of rosin on setting time of root canal cements. Grossman, L.I. 326

S

SALMONELLA MINNESOTA R-595
Investigation of the role of endotoxin in periapical inflammation. Pitts, D.L.; Williams, B.L.; and Morton, T.H., Jr. 10
SALMONELLA TYPHOSA
The detoxifying effect of varying concentrations of sodium hypochlorite on endotoxins. Buttler, T.K., and Crawford, J.J. 59
SERUM ALBUMIN, 14C HUMAN
The short-term sealing properties of lateral condensation, vertical condensation, and Hydron using 14C human serum albumin. Director, R.C.; Rabinowitz, J.L.; and Milne, R.S. 149
SILICATE
An evaluation of various permanent restorative materials' effect on the shade of bleached teeth. Freccia, W.F.; Peters, D.D.; and Lorton, L. 265
SODIUM HYDROXIDE
Solution of pulp tissue by chemical agents. Grossman, L.I., and Meiman, B.W. S10
SODIUM HYPOCHLORITE
The detoxifying effect of varying concentrations of sodium hypochlorite on endotoxins. Buttler, T.K., and Crawford, J.J. 59
In vivo evaluation of chlorhexidine gluconate solution and sodium hypochlorite solution as root canal irrigants. Ringel, A.M.; Patterson, S.S.; Newton, C.W.; Miller, C.H.; and Mulhern, J.M. 200
SODIUM OXYCHLORIDE
The efficacy of several endodontic irrigating solutions: a scanning electron microscopic study: part 2. Goldman, M.; Goldman, L.B.; Cavaleri, R.; Bogis, J.; and Lin, P.S. 487
SPLINTS
A functional splint for traumatized teeth. Antrim, D.D., and Ostrowski, J.S. 328
STAINS AND STAINING
A technique for staining extracted teeth: a research and teaching aid for bleaching. Freccia, W.F., and Peters, D.D. 67
STREPTOCOCCUS MUTANS
Migration of materials and microorganisms in the dental pulp of dogs and rats. Watts, A., and Paterson, R.C. 53
STRONTIUM HYDROXIDE
Histochemical analysis of the dogs' dental pulp after pulp capping with calcium, barium, and strontium hydroxides. Holland, R.; Pinheiro, C.E.; de Mello, W.; Nery, M.J.; and de Souza, V. 444
SULFURIC ACID
Solution of pulp tissue by chemical agents. Grossman, L.I., and Meiman, B.W. S10

T

TECHNOLOGY, RADIOLOGIC
Treatment for the jaundiced radiograph. Kelly, W.H. 424
TENDRA
Solution of pulp tissue by chemical agents. Grossman, L.I., and Meiman, B.W. S10

TETRACYCLINE
The elimination of tetracycline discoloration by intentional endodontics and internal bleaching. Abou-Rass, M. 101
External bleaching of tetracycline stained teeth in dogs. Walton, R.E.; O'Dell, N.L.; Myers, D.L.; Lake, F.T.; and Shimp, R.G. 536
Intracoronal bleaching of tetracycline-stained teeth: a case report. Fields, J.P. 512
TOOTH
Anatomy & Histology
Pulpless teeth and focal infection. Grossman, L.I. S18
Blood Supply
The effect of pulpotomy using Formocresol on blood vessel architecture in primary anterior teeth of Macaca rhesus monkeys. Chiniwalla, N.P., and Rapp, R. 205
Injuries
A functional splint for traumatized teeth. Antrim, D.D., and Ostrowski, J.S. 328
Origin of microorganisms in traumatized, pulpless, sound teeth. Grossman, L.I. S16
Innervation
Effect of zinc oxide-eugenol and calcium hydroxide on intradental nerve activity. Trowbridge, H.; Edwall, L.; and Panopoulos, P. 403
Microbiology
Bacteriologic status of periapical tissue in 150 cases of infected pulpless teeth. Grossman, L.I. S13
TOOTH ABNORMALITIES
Case report: three canals in the mesial root of a mandibular first molar (?). Weine, F.S. 517
Multiple-rooted mandibular second premolars. Shapira, Y., and Delivanis, P. 231
Nonsurgical endodontic treatment of invaginated teeth. De Smit, A., and Demaut, L. 506
TOOTH ABRASION
Pulp reactions to exposure after experimental crown fractures or grinding in adult monkeys. Cvek, M.; Cleaton-Jones, P.E.; Austin, J.C.; and Andreasen, J.O. 391
TOOTH BLEACHING
The elimination of tetracycline discoloration by intentional endodontics and internal bleaching. Abou-Rass, M. 101
External bleaching of tetracycline stained teeth in dogs. Walton, R.E.; O'Dell, N.L.; Myers, D.L.; Lake, F.T.; and Shimp, R.G. 536
Intracoronal bleaching of tetracycline-stained teeth: a case report. Fields, J.P. 512
An *in vitro* comparison of nonvital bleaching techniques in the discolored tooth. Freccia, W.F.; Peters, D.D.; Lorton, L.; and Bernier, W.E. 70
A technique for staining extracted teeth: a research and teaching aid for bleaching. Freccia, W.F., and Peters, D.D. 67
TOOTH DISCOLORATION
The elimination of tetracycline discoloration by intentional endodontics and internal bleaching. Abou-Rass, M. 101
External bleaching of tetracycline stained teeth in dogs. Walton, R.E.; O'Dell, N.L.; Myers, D.L.; Lake, F.T.; and Shimp, R.G. 536
Intracoronal bleaching of tetracycline-stained teeth: a case report. Fields, J.P. 512
An *in vitro* comparison of nonvital bleaching techniques in the discolored tooth. Freccia, W.F.; Peters, D.D.; Lorton, L.; and Bernier, W.E. 70
A technique for staining extracted teeth: a research and teaching aid for bleaching. Freccia, W.F., and Peters, D.D. 67
TOOTH EXTRACTION
Sequestration of root cementum in an endodontic-periodontally involved tooth: report of an unusual case. Brasher, W.J., and Brannon, R.B. 413
TOOTH FRACTURES
Coronal build-up of the degraded tooth before endodontic therapy. Kahn, H. 83
Pulp reactions to exposure after experimental crown fractures or grinding in adult monkeys. Cvek, M.; Cleaton-Jones, P.E.; Austin, J.C.; and Andreasen, J.O. 391
Vertical root fracture. Lin, L.M., and Langeland, K. 558
TOOTH LUXATION
Pulpal prognosis following extrusive luxation injuries in permanent teeth with closed apexes. Dumsha, T., and Hovland, E.J. 410
TOOTH MOBILITY
Modification of the Muhlemann periodontometer for determining tooth mobility in replanted monkey teeth. Barbakow, F.H.; Cleaton-Jones, P.E.; and Austin, J.C. 19
TOOTH REPLANTATION
The effect of extra-alveolar root filling with calcium hydroxide on periodontal healing after replantation of permanent incisors in monkeys. Andreasen, J.O.; et al. Correction to. 426
The effect of pulp extirpation or root canal treatment on periodontal healing after replantation of permanent incisors in monkeys. Andreasen, J.O. Correction to. 426
Intentional replantation case update. Donnelly, J.C. 471
Modification of the Muhlemann periodontometer for determining tooth mobility in replanted monkey teeth. Barbakow, F.H.; Cleaton-Jones, P.E.; and Austin, J.C. 19
Relationship between surface and inflammatory resorption and changes in the pulp after replantation of permanent incisors in monkeys. Andreasen, J.O. Corrections to. 247
TOOTH RESORPTION
Treatment of subosseous resorption: a case report. Antrim, D.D.; Hicks, M.L.; and Altaras, D.E. 567
TOOTH ROOT
Bacteriologic status of periapical tissue in 150 cases of infected pulpless teeth. Grossman, L.I. S13
An evaluation of the use of amalgam, Cavit, and calcium hydroxide in the repair of furcation perforations. ElDeeb, M.E.; ElDeeb, M., Tabibi, A.; and Jensen, J.R. 459
Vertical root fracture. Lin, L.M., and Langeland, K. 558
TOOTH, SUPERNUMERARY
An unusual calcification of the pulp: a case report. Hussein, I., and Uthman, A.A. 33
TOOTH, UNERUPTED
An unusual calcification of the pulp: a case report. Hussein, I., and Uthman, A.A. 33

U

ULTRASONICS
The use of ultrasound in the cleaning of root canals: a clinical report. Cameron, J.A. 472

V

VON WILLEBRAND'S DISEASE
Endodontic Rx for the von Willebrand patient. Vire, D.E., and Barrett, K.C. 514

W

WOLINELLA RECTA
Similarity of Wolinella recta strains isolated from periodontal pockets and root canals. Tanner, A.C.; Visconti, R.A.; Holdeman, L.V.; Sundqvist, G.; and Socransky, S.S. 294
WOUND HEALING
The effect of extra-alveolar root filling with calcium hydroxide on periodontal healing after replantation of permanent incisors in monkeys. Andreasen, J.O.; et al. Correction to. 426
The effect of pulp extirpation or root canal treatment on periodontal healing after replantation of permanent incisors in monkeys. Andreasen, J.O. Correction to. 426

Z

ZINC
A comparative analysis of zinc and non-zinc alloys used in retrograde endodontic surgery. Part 1: apical seal and tissue reaction. Kimura, J.T. 359
A comparative analysis of zinc and non-zinc alloys used in retrograde endodontic surgery. Part 2: optical emission spectrographic analysis for zinc precipitation. Kimura, J.T. 407
ZINC OXIDE-EUGENOL CEMENT
Effect of zinc oxide-eugenol and calcium hydroxide on intradental nerve activity. Trowbridge, H.; Edwall, L.; and Panopoulos, P. 403
pH changes in calcium hydroxide-covered dentin. Hasselgren, G.; Kerekes, K.; and Nellestam, P. 502
The relative sealing ability of paste-type filling materials. Spradling, P.M., and Senia, E.S. 543
